

HOW LONG & HOW MANY SESSIONS ARE REQUIRED?

A single treatment session takes between 20 and 30 minutes. In average, it may takes 4 to 6 sessions, subjected to severity of indication.

DOES FACESTIM TREATMENT HURT?

Not at all. The device works gently to stimulate the facial muscles, the skin feels warm sensation and muscle contraction during the treatment.

WHAT CAN EXPECT FROM FACESTIM TREATMENT?

To redefine the contour, improve the muscles' tone and to reduce the facial wrinkles. We aim to restore the harmony of facial volume, improve skin quality and appearance of the skin.

ANY SIDE EFFECTS WITH FACESTIM TREATMENT?

Facestim is generally well-tolerated, with minimal side effects such as mild redness or swelling, which typically subside within a few hours to a day.

WHAT IS FACESTIM?

An intense facial workout helping to firm, volumize, and tone the skin and muscles. FACESTIM gives the face a healthier and naturally younger look in a non-invasive and comfortable way. An immediate result can be seen after just one treatment however a course of treatment is recommended.

HOW IT WORKS?

FACESTIM is based on the simultaneous combination of RF diathermy associated with muscle contractions (Diatermo Contraction®) to reach deeper dermal layers and muscles. To strengthen all the muscle fibers and optimize the lymphatic drainage for amazing results.

RF DIATERMO CONTRACTION®

- generate heat within tissues
- stimulates the growth of collagen, elastin fibers and a reduction in lax connective tissue
- to promote skin tightening, firming and toning

MUSCLES RESTORATION

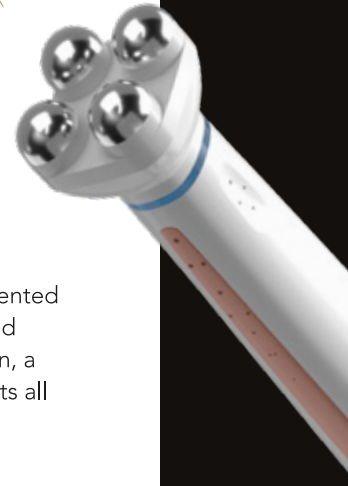

bQUAD® applicator has a patented reticular geometry for optimized and homogenous heat diffusion, a great tool to perform treatments all year long.

AN IDEAL CANDIDATE WOULD BE ANYONE WHO WANTS TO:

- Lift and plump the skin
- Muscle toning
- Brow lift
- Reduce appearance of jowls
- More defined jawline
- Improve crows feet
- Improve tear troughs
