LinearFirm FAQ

Q. Does the treatment interfere with everyday life?

A. No. A patient can return to daily activities immediately after a LinearFirm treatment.

Q. Can a patient have LinearFirm after botox or filler injection?

A. We recommend botox or filler injection after a LinearFirm procedure.

Q. Are there any side effects from a LinearFirm procedure?

A. There may be some pain during the procedure, and may be accompanied by swelling and tingling but these are only temporary reactions.

Q. How many treatments does a patient need to take?

A. A. It is effective even with one-time treatment. However, for better and lasting effects, additional treatments may be done.

Q. When can the effectiveness be expected?

A. The difference can be seen immediately, but during 2 to 3 months after the procedure, neocollagenesis will take place and the results can last up to 6 months.
