

RADIESSE®+

ME,
MY SKIN

ON THE *Reset*

LIFT + CONTOUR

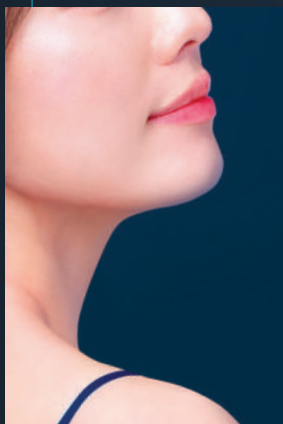

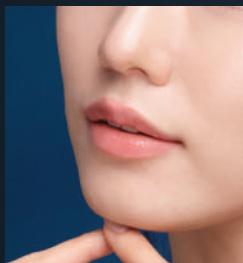

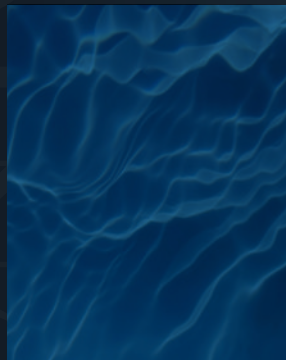

MERZ AESTHETICS®

OWN YOUR
LIFT
+
CONTOUR

Aging well has a new definition. Today, people are choosing to look how they feel: healthy, refreshed, and real.

In fact, 75% say looking healthy matters more than looking young.[†]

It's about owning your reset—knowing who you are and choosing how you show it. Radiesse®+ brings that vision to life with instant lift and contour, while reawakening your skin health from within.

BEHIND THE RESET

Contours blur. Jawlines fade. Skin loses its hold.
That's what time does as the deep soft tissue
volume and bony structural support beneath our
skin starts to diminish.^{9,10}

Backed by both U.S. FDA and EU CE approval,
Radiesse®+ is designed to give you a visible
vertical lift and sharper facial contours,
immediately. Think defined lines, effortless
volume, and a refreshed profile that still looks
like you.

It doesn't stop there. Beneath the surface,
Radiesse®+ works to regenerate* healthy skin
with lasting results of up to 2 years.¹¹

That's the power behind the reset.

FUNCTION MEETS FINESSE

What gives Radiesse®+ its edge?

Radiesse®+ is made with Calcium Hydroxylapatite (CaHA) microspheres, a mineral naturally found in the body, plus an additional 0.3% lidocaine.

Its high viscosity and elasticity—the highest capacity among dermal fillers tested—offers instant definition and structure at once.^{^12-16}

HIGHER VISCOSITY

Less likely to spread and more likely to remain where injected.¹³

HIGHER ELASTICITY

Provides greater capacity to lift and support tissue.¹³

Behind its performance lies precision. Radiesse®+'s high quality microspheres are consistent in shape, size, and texture to stimulate regeneration* without disrupting your body's natural balance.^{5,7,17-18}

EVERY ANGLE

ON POINT

Whether it's added definition or a clearer silhouette, there's strength in knowing what works for you, and owning it. Bring back balance in the right places, enhance what's already there, and feel more you with Radiesse®+.

LET'S FACT CHECK

What does the procedure involve?

Radiesse®+ is gently injected into the skin, usually in small amounts, with a very fine needle or cannula. The duration will depend on the number of treatment areas.

What is the difference between Radiesse® and Radiesse®+?

Radiesse®	Radiesse®+
	
Formulated with CaHA microspheres	Formulated with CaHA microspheres and an additional 0.3% lidocaine
	
For skin quality improvements and wrinkles and folds ^{9,16}	For vertical lifting ¹⁰
	
For volumising effects ¹⁶	For face and jawline contouring ¹⁰

How is Radiesse®+ absorbed by the body?

As a fully biodegradable dermal treatment, Radiesse®+ will gradually be broken down to calcium and phosphate ions and be absorbed by your body naturally over time.^{22,28-30}

Has Radiesse®+ been tested and certified?

Yes, Radiesse®+ has received both U.S. FDA approval and EU CE mark.

What should I pay attention to after treatment?

Things to do

- Keep treated area cooled to prevent or reduce swelling¹⁶
- Avoid applying pressure for 12 to 24 hours
- Avoid extreme warmth or UV light
- Avoid make-up 12 hours after treatment

Things to note

- Avoid treatment if you have a skin infection¹⁶
- If you have a history of herpes, you may experience a herpes breakout after treatment¹⁶
- Radiesse® microspheres may be visible on X-rays and CT scans

How long do the effects of Radiesse®+ last?

Depending on the individual's treatment area, age, skin type, lifestyle and metabolism, Radiesse®+ effects may last up to 2 years.¹¹

How quickly can I return to work after a Radiesse®+ treatment?

Due to the safety and tolerability of Radiesse®+, you will experience minimal to no downtime after treatment, allowing you to return to work quickly.¹¹

Can Radiesse®+ be used with other products?

Please consult your aesthetic physician for the possibility of combination treatments within the Merz Aesthetics portfolio, such as incobotulinum toxin A, MFU-V, and Cohesive Polydensified Matrix® hyaluronic acid filler.

How can I learn more about Radiesse®+?

Ask your aesthetic physician if Radiesse®+ is right for you or visit our website at www.skinonthereset.com
